VOLUME CVI.---NO 175. ALEXANDRIA, VA., WEDNESDAY EVENING, JULY 26, 1905. PRICE 2 CENTS.

BAD STOMACH MAKES BAD BLOOD.

You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year ago I was ill with blood poisoning," writes Miss Evaline Louis, of 80 Walker Street, Buffalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was a frightful sight and could not go outside the house because of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your 'Golden Medical Discovery.' I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The erysipelatous eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have felt better this year than I did for some time before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."

Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away 680,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will YOU share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only, for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Constipation although a little ill, begets big ones if neglected. Dr. Pierce's Pellets cures constipation.

...PEOPLE ALL

Mr. Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes," Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. | Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U. S. A.

PEACE DELEGATION.

That Japan will demand an indemnity of Russia in the negotiations for peace, and that the war will be declared at an end at the conclusion of negotiations at Portsmouth, N. H., next month is the belief of Baron Komura, head of the Japanese peace delegation, who arrived in New York yesterday, as voiced by Almar Sato, who is the official spokesman for the baron on his mission. Mr. Sato, in an interview last night, said:

"I am confident that peace will be successfully negotiated by the appointed delegations. The Japanese will be guided by moderation and no excessive demands will be made, but the sentiment in Japan and Russia is for peace, and in the interests of humanity and propriety there must be peace. The cost to Japan, however, has been very great. On both sides the loss in men has been 570,000, Russia losing 370,000 of them. The war is costing Japan $1,000,000 a day, and there is a feeling that there ought to be an indemnity."

The peace terms, while held inviolate by those who know their text, were formulated by the Emperor of Japan and his council. Mr. Sato was asked if in the flush of victory the Japanese people would not feel entitled to more than any treaty would allow, and Mr. Sato said:

"The Japanese are not so gentle as to abide by any decision we may make, but they pay great respect to the offices of President Roosevelt and his acts have done a great deal to emphasize the need for peace."

Mr. Sato further said that the Japanese would prefer to have the negotiations in the English language, as neither Baron Komura nor himself speaks French.

Of the future of China, Mr. Sato said: "If the central government could work in harmony with the district of provincial governments, China would become a great power, but at present that seems to be impossible."

Japan's attitude toward China, was most friendly, said Mr. Sato, and while maintaining no moral Monroe Doctrine over the empire, she felt that it was more or less under Japan's protection. This protection, by way of illustration, Mr. Sato said, was "not so strong over China as that of the United States over South America.

Mr. Sato emphasized the announcement made frequently before that Japan does not seek territorial aggrandizement, and on this point the speaker said: "We want in Manchuria equal opportunity, or, what Mr. Hay called the open door."

As to Japan's attitude toward America, Mr. Sato laughingly asked: "You mean the yellow peril?" and then became more enthusiastic in his conversation than upon any previous topic. He said:

"We are almost boyish in our enthusiasm and friendship for America. While we are friendly with China as orientals, our greatest friends are America and England. Why, the first monument ever erected to any foreigner in Japan was that to Commodore Perry, and the policy and conduct of the American people for the last 50 years have been one of help to us. We regard America as an ally without a treaty."

The question was put to Mr. Sato as to any possibility of conflict with the United States in the future, as suggested by some of the American press at the outbreak of the war, and Mr. Sato asked what could bring about such a conflict. When it was suggested that Japan might covet the Philippine Islands he laughed heartily, and replied that Japan would not have the Philippines as a gift, even though a bonus accompanied the gift.

Killed on Excursion Steamer.

One man dead and two wounded, one fatally, are the results of a shooting scrape on board the steamer Endeavor, which carried a colored excursion from Portsmouth to Smithfield and return yesterday. While the steamer was on her way back from Smithfield Clearance Wright drew a rubber snake from his pocket and began using it to frighten a woman who was with James Kitchen. Kitched resented the action of Wright, and a scuffle ensued between them. Kitchen drew a pistol and began firing. The first shot struck a bystander on his belt buckle and glanced off, inflicting only a slight flesh wound. The second shot struck Clarence Wright in the abdomen, but did not cause him to relinquish his hold on Kitchen. The latter continued firing, the third shot striking William Wright, and severely wounding him. Others then closed in on Kitchen and disarmed him. Clarence Wright died half an hour after being shot. Kitchen was carried to the pilot-house, and on being searched a knife was found on him. He was locked up by the officers of the boat. Shortly after Kitchen had been taken into custody some of the excursionists demanded that he be turned over to be summarily dealt with by them, and but for the action of the captain and chief engineer of the boat, who stood at the top of the companionway and defended it with axes, the slayer would, in all probability, have been lynched. Kitchen was taken in charge by the Portsmouth police on the arrival of the Endeavor.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the **bulk** coffee he sells you. How *can* he know, where it originally came from, how it was blended—**or with what**—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get **one full pound** of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

(Save the Lion-heads for valuable premiums.)

He will be succeeded as director by Mr. C. F. Vonherrman. Dr. Fassig will be stationed at Mount Weather, on the Blue Ridge near Upperville, where a new station has been located. It is the purpose of the Weather Bureau to gather at Mount Weather the best scientists in the country.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars For sale by Gibson & Timberman and W. F. Creighton & Co.

Indigestion Cured.

There is no case of indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from Indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Cold which cured her, and to-day she is well and strong.,' It kills the germs of all diseases. One dose relieves. THE PORTO RICANS now want home rule after having been governed by an executive council appointed by the President of the United States. The natives of the island aver that "the heads of departments arrive on the island knowing nothing of the language, customs or needs of the country, and twenty-four hours after disembarking take their seats in the executive council and determine the fate of the island." The Porto Ricans have been sadly disappointed in the annexation of the island to the United States. Their golden dreams never materialized, and although but eight years have elapsed since the Americans invaded and took possession of the island, they have grown restive and want a new order of things.

CRIMINAL prosecutions against Pennsylvania representatives of the beef trust are about to be instituted by Dr. B. H. Warren, State Dairy and Food Commissioner. The charges upon which the prosecutions are to be based are that meats sold in that State by the trust are doctored in the following ways: Colored by washing with poisonous coal tar dyes; dipped in formaldehyde solution; dusted with powder containing sulphites; washed with powerful boracic acid solutions. Men found guilty of such charges should be given the full penality of the law. The idea of poisonous food being sold in the open market is terrible to contemplate.

THE ARRIVAL of the Japanese peace envoys in this country and the few hints they have dropped lead to the impression that the peace movement is crystalizing and that Japan is by no means averse to a cessation of hostilities on what that country regards as an equitable basis. As an offset to this, however, the recent meeting between the Czar and the Kaiser causes speculation as to what Russia will do. Some prefer to believe that the German emperor advised Nicholas to accept Japan's terms if in any manner reasonable, but others are disposed to regard the meeting as ominous of a continuation of hostilities.

IN PORTLAND, ORE., yesterday, United States Senator John H. Mitchell, convicted of using his office of United States Senator to further the law practice of the firm of Mitchell & Tanner, of that city, in connection with public land frauds, was sentenced to pay a fine of $1,000 and to six months' penal servitude. When people of other countries read this they will not have such an exhalted opinion of the members of "the most august legislative body in the world" as the people of this country would have them have.

THE ZIONIST CONGRESS will meet again in Basle, Switzerland, tomorrow. There are two parties in this body, one of which is endeavoring to get the Sultan of Turkey to turn over Palestine to the Jewish people, the latter claiming ownership under divine right. The other side is not so much interested in Palestine, but is anxious for England to locate the Jews in some portion of Africa. Those who want possession of Judea desire to again set up the Jewish state with Jerusalem as the capital of the race.

THE EXPLOSION of a gasoline stove at Braddock, Pa., yesterday, caused the death of two persons, fatally injured two more and seriously injured two others and burned a house. Such items appear in the newspapers almost daily, yet there is hardly a city or town in the entire country where gasoline stoves are not used.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., July 26.

A report has been received at the War Department from Gen. Lee, of the Department of Texas, dealing with the yellow fever situation in New Orleans. It is understood that Gen. Lee does not believe there is any danger to the troops at present and that he recommends that they remain at their posts for the present. If the fever should spread, the troops can be removed to camps outside the city. Acting Surgeon General Glennan this morning ordered Dr. Joseph Goldberger, chief of the marine hospital service bygenic laboratory here to Vicksburg, Miss., and Shreveport, La., on a tour of inspection and to act in an advisory capacity toward local health boards. He will investigate suspicious cases of fever and recommend methods for fighting yellow jack in case it appears north of New Orleans. The marine hospital service here is mailing today to all southern cities bulletins containing rules for screening suspicious fever cases, fumigating houses and killing and preventing the incubation of mosquitoes.

A death from bubonic plague is reported from Panama. According to the reports received by the marine hospital service, the victim was a negro stevedore employed at the La Boca wharf, three miles from Panama city, at the Pacific entrance to the canal. It is believed the infection was brought either in the cargo or through the agency of rats on board a steamer from Peru or ports on the west coast of South America. Panama has been quarantined against La Boca and all precautions are being taken, including an organized effort to exterminate the rats in Panama.

The story which has been printed in the Washington papers recently to the effect that Senator Daniel contemplated retiring from the Senate and public life on the conclusion of his term in 1911, is not credited by the Virginians here.

Senator Martin was here yesterday doing a little "department running" and looking after some business matters for his constituents. He talks litle of his canvass but is in the best of spirits and evidently believes that he will win in the primary next month. He left for Richmond today.

It was announced by Secretary Wilson this afternoon that the resignation of Mrs. Bertha Burch, clerk in the Bureau of Statistics and until recently in the private office of Chief Statistician Hyde, had been received and accepted. "We will straighten things out in that bureau," said Assistant Secretary Hays, acting chief of the bureau, "no matter how many resign."

John Doyle, who posed as a Jesuit of the Zeverian order and victimized eleven preists in this city on the strength of that representation, securing entertainment and small sums of money from them, in the police court this morning was fined $50 and sentenced to six month's imprisonment. Doyle is a former divinity student from Boston.

The Commissioner of the General Land Office and about twenty-five clerks left this morning for the Uintah reservation, Utah, to prepare the offices there for the great rush incident to the opening of that reservation. The settlement of the land, which will be opened September 1, will be by the lottery system, registration for which will commence about August 1st. The Governor of Utah and two citizens of his chosing will preside.

Stampede of Women.

A fearful stampede of 3,000 women at a bargain sale on Fifth avenue Pittsburg, Pa., yesterday afternoon, resulted in several hundred women being knocked down and trampled, while several were more seriously hurt.

"Bargains! Men's overalls, 10 cents; men's shirts, 10 cents." The above sign in the window of the Woolworth & Co. store on Fifth avenue, at noon yesterday caused the stampede. Eight women were seriously hurt in a rush to secure overalls or shirts for their better halves, and the reserve force of police had to be called out in the downtown district. Ambulances and patrol wagons backed up to the door of the big store, and for a time it looked as though there would be a great loss of life.

Mrs. Mary Hoover, of Pride street, was the worst hurt of the women who got caught in the crush. She fainted at the head of a stairway and would have fallen to the lower floor had the crowd been thin enough to allow her to fall, but she was held up in the crush apparently dead and the entire body of 3,000 women packed like sardines in the place became panic stricken and tried to reach the street by the shortest way.

More than a dozen women fell in faints and the police on their arrival had all they could do to handle the frenzied women who yet remained. After about 2,500 had gotten out of the place the store, which by this time looked a wreck, was turned into a repair hospital, and the injured women were fixed up and sent to their homes, some of them in carriages.

In announcing its new estimate of planted cotton the Agricultural Department this afternoon made public its report made to Secretary Wilson today by the board of crop estimators. The report says that Mr Hyde with Mr. Holmes at his elbow prompting him made the former estimate lower than the facts at his hands from the reports from the seven classes of reporters employed by the bureau warranted.

Voters Before Jury.

After examining 112 of the voters in the Third precinct of Monroe ward the grand jury of Richmond, which is investigating alleged fraud in the recent municipal primary, adjourned yesterday evening until today, when the other 99 voters from that precinct will be interrogated. Then it is more than likely indictments will be drawn and presented. One of these, it is believed, may be against Mr. Alfred B. Williams, editor of the News-Leader, who has frankly acknowledged that he gave a check for $25 to a party worker in return for his services in carrying one precinct for Col. George W. Anderson, a candidate for Commonwealth Attorney. It is not believed that any revelation made by the grand jury will result in changing the result of the primary, which in the main is said to have been honest. The candidates elected are eminently satisfactory to the people as a whole.

Searching for Missing Children.

Two hundred persons are searching for Lena and Sophia Cohen, the two children who dissappeared on Sunday near Stoney creek, Md. The waters of the creek have been dragged and the country for acres around carefully covered, but no trace of the missing girls has been found. The arrest of two negro men under suspicious circumstances caused excitement in the locality, and the people of that section of the country believe that the children have been foully dealt with. Mr. Cohen, father of the girls, and a large number of persons continued the search all night and say they will keep it up until the children are found, either dead or alive.

Startling revelations concerning the white slave traffiic in New York and the larger cities of the country were made at yesterday's session in Atlantic City, New Jersey, of the Jewish Chautauqua by women who have had charge of caring for unprotected immigrant girls. These women said that white slavery is carried on by powerful organizations of which the general public has no conception.

An Exceptional Course.

During the present campaign Governor Montague has delivered two addresses in this city, one on the northside and the other on the southside. He has also made one public speech in the county; yet the remarkable announcement now comes that he will before the campaign is closed ask the people of this city to listen to a public appeal from him once more.

The announcement is made by his friends that he will make another public speech here the day before the primary; that is, on the 21st of August.

In the annals of Virginia politics can it be recalled that any candidate for a State office ever found it necessary to make so many and so desperate appeals to his home people for their support?

Has his opponent, Senator Martin, found it necessary to speak at all in his home county or the city of Charlottesville, where he is best known? Has Mr. Swanson found it necessary to publicly exhort the people of his home county, city of Danville or any county or town in his Congressional district by a single speech? Has Judge Mann found it necessary to hold his county of Nottoway in line by a single public speech? Go through the whole list of State candidates—Major Anderson, or his rival, Judge Williams; Mr. Willard, or Mr. Eggleston, or Mr. Hulvy, or Major Ellyson, or Mr. Cabell—has either of these distinguished gentlemen found it necessary to speak once, twice or three times in his respective home county or city?

That Governor Montague has "read the handwriting on the wall" and read it correctly, of his Congressional district, his home county Pittsylvania, his own township in that county, his own precinct in that township and the city of Danville, each and every one of which is irretrievably lost to him, there can be no doubt, and his repeated and desperate efforts here can only mean one thing—he desires to save as much from the impending deluge as possible.—[Danville Bee.

Porto Rico Wants Home Rule.

Delegates representing sixty-five out of sixty-six municipalities of Porto Rico and both political parties assembled in convention at San Juan yesterday and adopted a memorial to Congress, with the view of bringing about sweeping changes in the government of that island.

The memorial complains that the preponderance of power still rests with an executive council composed of heads of departments appointed by President Roosevelt. "These heads of departments," it says, "arrive in Porto Rice knowing nothing of the language, customs, or needs of the country, and twenty-four hours after disembarking take their seats in the executive council and determine the fate of the island."

The memorial calls for no change in the composition of the House of Delegates, which consists of thirty-five members elected by the people, but demands the following amendment to the Foraker law:

"First—The organization of an insular Senate to be composed of two Senators each from seven districts, in place of the executive council.

"Second—That the proposed Senate and the House possess the same privileges granted to the House under the Foraker law.

"Third—That the secretary of Porto Rico, the attorney general, the treasurer, the auditor, the commissioner of education and the commissioner of the interior continue in their present offices under the present titles, but that they form no part of the executive council.

"Fourth—That the officials named be appointed by the governor, with the consent of the insular Senate, and not by the President of the United States."

The memorial was adopted by a rising vote, the delegates cheering for five minutes.

Negro Murderer Lynched.

A mob of fifteen men yesterday took Will Harris, a negro, from a Yazoo and Mississippi Valley train at Black Bayou, at Glendora, Miss., and hanged him to a tree about a quarter of a mile from the railroad. Harris and his brother, Henry, shot and seriously wounded two white men, Barksdale and Allen, respectively, on the James plantation, near Sharkey, July 19. A posse pursued the negroes, and in attempting to arrest them shot and killed Henry Harris. The other brother escaped, but was arrested Monday night at Heathman. Yesterday morning the prisoner was taken to Greenwood and later placed aboard a train, and was being conveyed to a point in Tallahatchie county, where he was to be turned over to the sheriff, when the mob boarded the train and secured him. Little difficulty was experienced in taking the negro from his custodians, and Harris was quickly conveyed to a prearranged spot and lynched.

All For Martin

Mr. Robert Campbell, sheriff of Fluvana county, was in the city a day or two ago, and stated that while attending a meeting of a Methodist conference at Amherst Courthouse last week all of the delegates, coming from many counties, were for Senator Martin except one, and that one was Mr. Beard, sheriff of Amherst. Mr. Campbell is willing to vouch for the accuracy of the count.—[Richmond Times-Dispatch.

DIVORCED.

On the banks of the Rapidan, near Rapidan Station, is "Rose Hill," one of the handsomest estates in Virginia. It was purchased about twenty years ago by the late O. F Breesee, of Baltimore, general manager of the Mutual Life Insurance Co. His family made it one of the most beautiful and hospitable homes in Virginia, and guests filled the spacious mansion from Baltimore, New York, Richmond, Kentucky and other places. Favored were those who received invitations to spend a time at "Rose Hill," where there was one continual round of gayety. Here it was that Stuart Breesee of Baltimore, brought his beautiful young bride, Miss Helen Hurt, daughter of a wealthy gentleman of Kentucky. This young woman was highly accomplished, petite in figure, bright, vivacious and she soon became a general favorite. For several years all went as merry as a marriage bell.

A boy and girl were born to these two so favored by fortune. Then a tiny cloud appeared upon the horizon which grew until there was an enstrangement which culminated in Mrs. Breesee's announcement in Orange, several months ago, while waiting for a train, that she was going to Virginia Beach and from there to her former home in Kentucky to remain. Then Stuart Breese invoked the law and asked for a divorce, entering the plea "abandonment."

John G. Williams was counsel for Stuart Breesee and Morton and Shackelford for Mrs. Helen Breesee. Almost without the knowledge of the lawyers in the court room on Monday, Judge Grimsley quietly granted a decree of divorce "a mensa," giving to Breesee the custody of the son, and to Helen Breesee the daughter, and requiring him to pay to her monthly the sum of $100, as long as she remains unmarried.

Mrs. Breesee and daughter are now at Winchester, Tenn. The separation was not contested by her.—[Fredericksburg Star.

Municipal Ownership.

Chicago, July 26.—Although Mayor Dunne refuses to make public the contents of the report of James Dalrymple, of Glasgow, who inspected this city's street railway system with a view of advising the officials upon municipal ownership plans, it is declared that an article on Chicago, in the London Tramway and Railroad World, gives the essential feature of his report. In this article Dalrymple says in part: "I would be much astonished if the city could afford to purchase the undertaking, including the value of the unexpired franchises. The city council is a very able and intelligent body, but if it went in for municipal ownership, it would have to eliminate the political element. If Americans could eliminate their present method of political influence, they would quickly make a considerable advance in municipal ownership affairs. They have a large number of bogus claims for alleged accidents because a street railway company can never get justice from an American jury. The discipline of the employees is not quite so good as here. They are more thoroughly organized, are a bit more independent, and, on the whole, have got more power than they ought to have." An informant, who would not allow his name to be used, makes public the gist of Dalrymple's report yesterday. He said the Scotch expert could not bring his mind to a condition that would lead him to recognize immediate municipal ownership in Chicago under the present labor and political condition.

Funeral of D. S. Lamont.

Poughkeepsie, N. Y., July 26.—The funeral of former Secretary of War, Col. Daniel S. Lamont, who died at his summer home, Milbrook, Sunday night, was held shortly after noon today. The services, which were very simple, began at half past twelve. Rev. Merle Smith, pastor of the Presbyterian Church, in New York, of which Mr. Lamont was a member, officiated. He was assisted by Rev. J. E. Lyall, pastor of the Dutch Reformed Church, of Millbrook, and Rev. W. C. Rogers, rector of the Millbrook Episcopal Church. Mr. Lamont took an interest in both of these churches. The remains were incased in a casket of plaic black cloth over red cedar, trimmed with cream satin and oxydized silver handles and plate. The funeral party left Millbrook at 1:30 o'clock. Mr. Lamont's private car, Yakima, was attached to the regular train and it bore the remains and the members of the family. There was also a coach attached to the same train in which were the relatives and friends. The train passes Woodlawn, and stops at the cemetery, at what is called Woodlawn station. Here the party will leave the train, and the remains will be placed in the handsome Lamont mausoleum.

The Zionist Movement.

Basle, Switzerland, July 26.—The preparations for the seventh congress of the Zionist movement which begins here tomorrow are reported rapidly approaching completion. The members of the executive committee have been assembling here for several days to draw up the final reports and conclude the arrangements. Delegates from all parts of the world have arrived to take part in the proceedings. The Jewish national flag of blue and white is waving over the building in which the congress will be held and over the hotel in which the leaders of the Zionist agitation are residing. This congress, the first to take place since Theodore Herzl's death, is likely to be an important event in the history of the Zionist movement. The difficult question of leadership is to be settled at this congress. Since Theodore Herzl died there has been no leader of Zionism, and there is no living Zionist who could hope to command the enthusiastic and undivided loyalty and support as the originator of the Zionist movement. Various proposals will be made to the congress for the solution of the leadership problem. The proceeding of Congress begin at 10 a. m. tomorrow.

Carlton Has Another Accuser.

Birmingham, Ala., July 26.—Mrs. Edward J. Martinez, who before her marriage was Mrs. Etta Kingrey, a widow, has come forward as another accuser of Frederick E. Carlton, who is under arrest in Brooklyn, N. Y., under the suspicion of having poisoned two of his wives. Mrs. Maatinez says she was married to Carlton in Gordon, Ala., seven years ago when he was using the name of Edward J. Martinez. She says he attempted to poison her child by her first husband in order to get the estate left by the lad's father. Mrs. Martinez said that her husband fled with all her diamonds and property. When shown a picture of Carlton, Mrs. Martinez identified him as the father of her six year old daughter. Mrs Martinez is very bitter against Carlton, and is willing to go to New York to testify against him. "Yes, that's the scoundrel", said Mrs. Martinez when show the picture of Carlton. "That's the villian who married me, tried to poison my boy and then fled with everything I had. I thought him dead these three years."

A Terrible Temptation.

Pittsburg July 26.—The will of Miss Anna M. Gunning, a wealthy woman, who died at her home on Forbes street on July 18, at the age of 55 years, was filed for probate yesterday and is one of the most remarkable documents ever read. According to its provisions, she leaves her entire estate of half a million dollars, after making bequests amounting to $48,000 to relatives, to Carl F. Miller, a well-known business man of this city, whose home is in the fashionable suburb of Wilkinsburg, on condition that the divorce his present wife, or that she dies. Otherwise he does not receive a cent.

Years ago Mr. Miller was the sweetheart of Miss Gunning, and she is said to have loved him devotedly. But after courting her for some time he married his present wife, who was Miss Jane Wilson. Miss Gunning never forgave and never forgot. Her will was written in her own handwriting, and that part which refers to Miller is as follows:

"The income of the balance is to be given to Carl F. Miller, providing he is not living with the woman he married in 1899, one Jane Wilson. Should she die or he be divorced from her—that is, finally divorced—he is to be given absolutely one-half of the principal, and the interest on the other half as long as he lives.

If he marries again, he can, by will, leave all to his second wife and children. If he dies unmarried a second time without children, the one-half, or all his share is to be equally divided between the children of Wesley Greer.

In no case is the present wife of Carl F. Miller to be benefitted by anything I leave him, either in personal property or real estate. Should anyone contest this will it is my earnest desire that they shall forfeit their share."

Later on in the will Miss Gunning states that Mr. Miller is to have all the pictures, bric-a-brac and household furniture that he may desire, but in no case is Mrs. Miller to have any article or the use of any article.

Mr. Miller refused to discuss the will yesterday evening further than to state that, inasmuch as he is perfectly happy in his married life, there is little prospect of his benefiting.

Fatalities from Lightning.

Vienna, July 26—A series of thunderstorms which occured recently and extended over a great part of Austria-Hungary, resulted in a number of fatalities. At Arzburg, Austria, lightning struck a cherry tree under which ten persons had sought refuge from the storm and six of the party were killed outright. The others were stunned and injured.

A report from Miskolcz, Hungary, says that lightning struck a church there while a religious service was in progress. The priest in charge of the services was killed while he was preaching.

Another account of the damage wrought by the storms comes from Oberhuchberg, in the Duchy of Styria. A house in which twelve persons were seated at a banquet table was struck. Six of the banqueters sitting on one side of the table, were killed, and the other six guests who were sitting on the opposite side of the table were stunned.

Mob After Murderer.

Blainfield, N. J., July 26.—With guns and revolvers, cocked and primed, a posse of two score of men, consisting of angry and determined farmers, policemen and county detectives, began to close in on Dismal Swamp, between South Plainfield, and Newmarket, at dawn today in pursuit of Charles Long, the giant negro murderer, whom they have surrounded. If the man is captured Jersey justice will not be quick enough to mete out his deserts, to him, for the mob spirit has taken possession of these farmers, and they are bent on quick vengeance. Then, too, a reward of $250 has been offered for the slayer dead or alive. Long is wanted for the murder of Matthew Cunningham, whom he shot in a fit of jealousy, because he suspected that Cunningham was attentive to a woman of whom he was enamored. After blowing off Cunningham's head, with a shot gun, Long escaped. The crime was committed in Trenton, on Monday last.

Wife Leader in Cigarette Club.

New York, July 26.—Stuyvesant Heights, the abode of fashion in Brooklyn, is stirred by disclosures in a suit for divorce brought by William M. Newman, a silversmith, who testified in the Supreme Court yesterday that his wife, Louisa A. Newman, smokes cigarettes and is the president of a women's cigarette club, whose members are exclusive residents of Stuyvesant Heights. Members of the club, Mr. Newman declared, would meet at his home, and several of them indulged in cigarette smoking and drinking to such a degree that often he was forced to summon cabs to take them to their homes. All the time Mr. Newman was testifying Mrs. Newman, a handsome woman, sitting in front of the bench with her counsel and many women friends, cast indignant looks at him. When he referred to the so-called ladies' cigarette club and the alleged drinking her eyes flashed and her color heightened. Judge Sewall reserved decision.

Hid Baby in Woods.

Washington, Pa., July 26.—Jacob Loar, one of the best known young men of the city, is under arrest in Amwell township, charged with abduction, and Squire Van Dyke, after a tumultuous hearing, placed his bail at $600. The charge against Loar is that, jilted by Sarah Filby, he stole her 2-year-old sister, Leonora, and, taking her far into the woods, tied the child to a tree, where she remained over night, though Loar was near. Though the alleged kidnapping occurred last Saturday morning and the child was not found until late Sunday, news of the affair was suppressed until Loar could be arrested. The entire township had turned out to hunt for the missing child.

Takahira at Oyster Bay.

Oyster Bay, N. Y., July 26.—Mr. Takahira, the Japanese Minister, is discussing peace plans with President Roosevelt this afternoon. Mr. Takahira came in on the 12:20 p. m. train from New York, and was met at the station by one of the President's carriages, which conveyed him to Sagamore Hill. Mr. Takahira was not very communicative when he arrived at Oyster Bay. He is seldom loquacious. He smiled, lighted another cigarette and said, "Everything is all right" and "I don't know" and "I cannot say," to several questions propounded by the newspaper men and drove off. It is understood that Mr. Takahira comes today to make arrangements for the reception of the plenipotentiaries some day next week. It is believed that the President will receive Baron Komura informally on Thursday or Friday of this week.

New York, July 26.—Baron Komura, Japanese Minister of Foreign Affairs and chief peace plenipotentiary to the Portsmouth conference, spent a quiet day at the Waldorf-Astoria today. The baron has no plans for today and will engage in no social amenities until after he has been officially presented to President Roosevelt. Kogoro Takahira, Japanese Minister at Washington, left for Oyster Bay early to officially inform President Roosevelt that Baron Komura is here. It is expected that Baron Komura will call unofficially on President Roosevelt either tomorrow or Friday, and will visit the President at Sagamore Hill for a day or two. Sato, official spokesman of the Japanese delegation, said today that neither third assistant Secretary of State Peirce nor any one connected with the State Department had called as yet on Baron Komura.

The body was found last night near Clayton, with the head battered in and the face cut. The authorities are investigating, as they believe the man had not been struck by a train. The Attempt to Assassinate the Sultan

Prague, Bohemia, July 26.—A witness to the attempt to assassinate the Sultan at Constantinople, who has arrived here, says that immediately after the explosion, he saw a number of Turkish officers rush at the Sultan's carriage with their swords drawn. They were beaten back, however, by the Albanian body guard. This occurence has given rise to the belief that the plot to kill the ruler originated in a military conspiracy.

Resignations Accepted.

New York, July 26.—At the meeting of the Board of Directors of the Equitable Life Assurance Society today the resignations of James W. Alexander and Nevada N. Stranahan, as directors, were accepted. Paul Morton, chairman of the board of directors, was elected president of the society. Changes in the by laws were discussed, but the recommendations were not announced. The directors will meet again tomorrow.

Yellow Fever.

New Orleans, July 26.—Two more deaths from yellow fever occurred today, making the total number of deaths to date, 36. The total number of cases, altogether, reported are 154. A prominent authority predicted that the greatest number of cases had now been recorded, and that from this time on, under the mosquito theory treatment, the number would rapidly grow less.

The French Cruiser.

The Health of the City.

There are several cases of typhoid fever in the city, as is usually the case about this time of the year, but the general health of the city is good. It behooves people to be mindful of many things in order to preserve their health at this particular time. A little attention every day on the part of housekeepers to the premises they occupy would minimize the perils of midsummer. The City Engineer in his letter to the Mayor, published in yesterday's Gazette, says weeds are not unsanitary. They may not be while growing vigorously, although they are unsightly, but when they begin to decay it is believed by many that they play their part in propagating malaria. There are acres of such vegetation within the city limits. In some places they are four and five feet high. A band of boys are now engaged in removing grass from certain streets, which is proper, but rank and poisonous weeds are more repugnant to the gaze, and when they begin to wither and decay are a greater menace to health than grass.

Liquor Licenses.

Liquor licenses often afford the basis for conversations in this city, many persons averring that more money should go into the city's coffers from this source. Seventy-five dollars is now exacted. It is said that the license for conducting a saloon in Alexandria is far below that of most other cities and towns in the Commonwealth. Some suggest reasons why the license should be fixed at a comparatively small figure, and say that should a high license be exacted but few could afford to pay it and the number of speakeasies would be multiplied. It now costs nearly five hundred dollars to operate a saloon in Alexandria, the State license having been materially increased during late years. When the license law was submitted to the City Council last May a member of the lower board moved that a saloonkeeper's license be fixed at $250, but his views were not shared by any other member of either board.

Charged with Contempt.

On application of Attorneys Birney & Woodard, Justice Wright, of the Supreme Court of the District of Columbia, yesterday directed that a rule be issued requiring Lewis Jefferson to show cause why he should not be adjudged in contempt of court for advertising the removal of the steamer Jane Moseley from the jurisdiction of the court. The order was made in connection with the case of the Freedman's Transportation and Land Improvement Company against the Jane Moseley Steamboat Company and Jewis Jefferson. The hearing was set for Friday. The petition on which the rule to show cause was based asks the appointment of a receiver for the steamer. It alleges that, notwithstanding a previous order of the court forbidding the removal of the Jane Moseley from that jurisdiction, the respondent has advertised that the steamer will carry excursionists down the Chesapeake Bay from Baltimore on the 29th instant.

The Fish Market.

The supply of fish in this market during most of the present summer has been small with but few varieties from which to select. Most of the receipts have been salt water trout which do not approach tailors, spot and some other specimens of pan fish which in former years were plentiful in this market. But few tailors have been received this summer. Prices for all varieties hold at top figures. One sturgeon was in market this morning. It brought 15 cents a pound. As has been stated several times recently this fish is becoming scarcer every year.

Preparing for Double Track.

The Southern Railway Company is having a survey made east of Lynchburg for the purpose of adopting a good route for a freight route around that city in order to obviate the heavy grades on the present route both north and south of Lynchburg. The present survey will leave the main line of the system some 10 miles north of that city and run to the right, coming back to the present tracks below the city. This, with a very high bridge over the James river, would do away with a number of heavy grades.

Railroad Traffic.

Fruit and vegetables have passed through this city this season in enormous quantities and many railroad trains have been run in order to meet the demands of shippers. As was stated yesterday, the Baltimore and Ohio Railroad transfer service is again working night and day crews in order to meet the requirements of transportation. Many trains are now passing north and south over this line.

Theft Reported.

Julia Whitfield, colored, yesterday reported to acting Lieutenant Roberts that a colored man, named William Tafford, had stolen a silk dress, a silk shirt waist and a graphophone from her house, No. 1439 Duke street. When last seen Tafford was on his way out of the city. He had been in this city about nine months and belonged to a gang of men engaged in building the new railroad around Alexandria.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Stephen Davis, arrested by acting Lieutenant Roberts and Officer Henderson charged with abusive language, was dismissed.

Peter Sims, colored, arrested by acting Chief Smith charged with assaulting Emma Jasper, was dismissed.

Large Order.

The Emerson Pump Company of this city has received an order from the Joplin, Missouri, mining district for six thousand dollars' worth of their pumps. The mines in that vicinity have recently been flooded, and the Emerson pumps, which have been of great utility in other sections during such emergencies, have been adopted by the Missouri mine owners.

Improvements.

The committee on streets has awarded the contracts for the materials to be used in paving Prince street between Fairfax and Lee and Lee street between Prince and Duke as follows: For sand and gravel to DeW. Aitcheson, brick to the Mack Brick Co., of New Cumberland, W. Va.; curb to B. A. Fesperman, of Rockwell, N. C.; cement, to G. H. Robinson's Sons, this city. The work on the streets was commenced today.

The city finance and public property committees of the City Council yesterday evening met the special committee appointed by Judge Barley, of the Corporation Court, and discussed the matter of the proposed improvements to the court room and clerk's office. They will ask City Engineer Dunn to make an estimate of the cost of the intended improvements, which will be submitted to Council. It is proposed to make the record room fire proof in every respect and this work is to be done first. All the wood work in the room is to be removed and the present windows will be replaced by improved fire proof windows.

The chimneys and the cornices of the market building which have been in a dangerous condition for some time are being repaired and made safe.

The roof of Alexandria-Washington Lodge of Masons in the market building is being repaired and repainted.

The Potomacs and the Orientals will cross bats on the fair grounds this evening at 5:30 o'clock. Each team has been practicing and a good game is expected. There will doubtless be a good contest, as the Orientals by winning today's game will advance to second place in the standing of the clubs.

The Alexandria Athletic Club will play the strong Northeast Athletic Club tomorrow evening at 5:15 o'clock on the old fair grounds. The line up of the Alexandrias will be: Bright, Benzette, Ellis, Wheatley, Brenner, Gray and Bright; Kraft and Purcell, battery.

A game of ball will be played next Tuesday evening on the old fair grounds between the Alexandria Athletic Association and a picked team from the Alexandria League.

Dangerous Practice.

A boy attempted to board a moving electric train on King street, between Pitt and St. Asaph, this morning, and, missing his footing, was dragged some distance before he relaxed his hold and fell into the street. He escaped injury from the fact that he was hanging on the rear car. Had he attempted to jump on in the centre of the train he would doubtless been killed. Youngsters frequently jump on and off moving trains on King street. The police endeavor to put a stop to it, but, of course, they cannot be at every point. Parents should read the above and see that their children refrain from this dangerous practice.

Alarm of Fire.

The alarm of fire at 12:25 this afternoon was caused by the discovery of a blaze in a house in an alley in the square bounded by Queen, Princess, Fayette and Payne streets. The Reliance engine soon extinguished the fire. The damage amounted to about $25. The house was occupied by colored people, and this is the second time it has been on fire during the past twelve months.

Hats Found.

Officer Knight found thirteen slouch hats on a lot near the Portner Brewery this morning. There were five suspicious looking white men in the neighborhood at the time and they speedily moved away when they descried the officer in the distance. It is supposed that the hats were taken from a railroad car.

Affairs in Sweden.

Stockholm, Sweden, July 26.—The report made yesterday by the special committee named by the Riksdag, to deal with the crisis presented by Norway's withdrawal from the union was the subject of discussion at secret sessions of both houses of the Riksdag, today. It is understood that the members approved the report in principle. The resignation of the Swedish Cabinet before the Riksdag had acted upon the report has caused some regret, as it is feared that this may lead to delay in the final solution of the problem which both countries are wrestling with.

Successful Operation.

Tokio, July 26.—Admiral Rojestvensky, who commanded the Russian fleet in the recent disastrous naval battle of the Sea of Japan, has been successfully operated upon for the removal of a piece of bone from the wound in his forehead. His condition following the operation is regarded as satisfactory.

McClure's Magazine for August, which has been received from its publishers in New York, is its "Fiction Number" and is made up of the best fiction that could be gathered from the best writers. Every kind of story is represented; the grave, the gay and thoughtful. Stories by O. Henry and Arthur Train deal with underpaid and overworked shop girls of London and New York. Myra Kelly contributes another of her comedies of the "Little Citizens." Booth Tarkington has a story of stage life and James Hopper a study of character. George R. Chester tells of the deeds and misdeeds of a genuine boy. Other stories are by equally well known writers, and Miss Tarbell's widely discussed personal study of Rockefeller is concluded in this number.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five minutes I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy it for sale by Gibson and Timberman and W. F. Creighton & Co.

TO MY FELLOW CITIZENS OF ALEXANDRIA CITY AND COUNTY:

I beg to announce that I will be a candidate for the House of Delegates for the city and county of Alexandria subject to nomination by the democratic primary. It is well known to my fellow citizens that I was an aspirant for the honor of lieutenant-governor of Virginia, and that for reasons already made known to the public I felt constrained to retire from that contest. When I did so I had no intention of becoming a candidate for renomination and re-election to the House of Delegates, until urged upon me by a large number of my fellow citizens of the city and county of Alexandria, whose wishes and friendship I felt under obligations to regard. After mature consideration and yielding to what I believe to be the wish of a large body of my fellow citizens and friends representing every interest in the community, I have concluded to stand for re-nomination and re-election. I have been twice honored with the election by my people as their representative in the General Assembly of Virginia, and trust that my past record in that body will be to them a pledge and assurance of my future conduct should it be their pleasure to return me to this post of honor. In the event of my nomination and election I pledge myself faithfully to guard and defend every interest of the city and county in which I have spent my life and in which are centered all my affections and interests. I respectfully solicit the endorsement and support of the people whom I have represented to the best of my ability in the two last General Assemblies of Virginia. Very respectfully,

jy26 10t JAMES R. CATON.

Despoiled of Her Locks.

One of the most singular occurrences that has been reported in Roanoke, Va., befell Miss Maud Giddings, an attractive young lady of Rocky Mount, Monday night. Miss Giddings had a very beautiful suit of hair. The weather was extremely hot Monday night, and she pulled her bed near the window of her room on the first floor of her father's home, where she dropped off to sleep. Yesterday morning when Miss Giddings awoke she was astounded to find all her hair lying in a heap on the floor beside her couch. Some time during the night some miscreant crept to the window, and with a sharp pair of shears clipped off every one of the beautiful locks of golden hair and threw them beside the bed. Neither the family nor the young lady herself has any clew to the perpetrator of the act.

The Gloaming.

The "gloaming" is by origin akin to gloom. The root idea is to look covertly from beneath the brows not with full open eyes, and so the gloaming is that time of day when the sun, sinking below the horizon, shines obscurely under the advancing shades of night, as eyes may gleam dimly from lowering brows.

Byron, the poet, wrote, "As gloaming, the Scottish word for twilight, has been recommended by many literary men and particularly by Dr. Moore in his letters to Burns, I have ventured to use it on account of its harmony."

The evening star is called the "gloaming" star in Scotland, and Lowell's "The snow had begun in the gloaming" and Hogg's "'Twixt the gloaming and the mirk, when the kye come hame," are familiar instances of its use.

Rice as a Soporific.

"If people would eat plenty of rice they would not need drugs to make them sleep," said a New York drug clerk, pausing for a moment in putting up a sleeping potion for a woman. "There is much said about rice as a strengthening food, but few Americans know that it has soporific powers. If properly cooked it has. Rice should be washed many times until the water no longer appears milky. It should then be soaked a few hours, salted and boiled rapidly about thirty minutes. When cooked in this way it can be eaten each day with relish, and the person who eats it sleeps well and dreams not at all."

Gaston's Point of View.

"Ze American, ah, he iss a ver funny man. He know nothing but ze dollar. He have no love of beauty or art. He do not comprend."

"What's on your mind, Gaston?"

"Today I see a beautiful lady, clevair, distingue, magnifeecent. She is with a man, an American. I go to him. I say, 'Pardon, monsieur, what iss ze lady's name?' The gentleman he say, 'That's my business.' Bah! Beesness, beesness, all de time. He was a rude man."—Cincinnati Commercial Tribune.

Plaint of a Bishop.

Of Bishop Bathurst, who was a great whist player, it is related that on hearing the name of a new appointment in the chapter there was wrung from him the passionate exclamation, "I have served the Whigs all my life, and now they send me down a canon who doesn't know clubs from spades!"—London Mail.

Mental Effort.

"It is stated," we observe to the bald-headed man, "that the hair of mental workers falls out sooner than that of men in other lines of endeavor. Is your profession one of great mental effort?"

"It certainly is," he replied. "I compose the glowing advertisements of hair tonics."—Judge.

Curiosity Satisfied.

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes. "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At E. S. Leadbeater & Sons, drug store; price 50c. guaranteed.

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellogg of Denver, Color Bearer of the Woman's Relief Corps, Sends Thanks to Mrs. Pinkham.

Mrs. Sarah Kellogg

The following letter was written by Mrs. Kellogg, of 1628 Lincoln Ave., Denver, Colo., to Mrs. Pinkham, Lynn, Mass.: Dear Mrs. Pinkham:—

"For five years I was troubled with a tumor, which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work, and life became a burden to me. I was confined for days to my bed, lost my appetite, my courage and all hope.

"I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second week, thought it only meant temporary relief; but to my great surprise I found that I kept gaining, while the tumor lessened in size

"The Compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregular or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy. Lydia E Pinkham's Vegetable Compound at once removes such trouble.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any other medicine!

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Health is too valuable to risk in experiments with unknown and untried medicines or methods of treatment. Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

MEETINGS.

A CALLED MEETING of the stockholders of the COLONIAL LOAN AND DEPOSIT ASSOCIATION will be held at the offices of said association, No. 128 south Fairfax street, Alexandria, Virginia, on MONDAY, August 7, 1905, at 2 o'clock, p. m., for the purpose of considering certain resolutions of the Board of Directors of said association, adopted on the 17th day of June, 1905, in Havana, Cuba, which resolutions are as follows:

First. This company being now essentially a Cuban institution, with all its financial interests in Cuba, be it resolved that steps be taken to abolish the present legal necessity of holding the stockholders' meetings in Virginia, United States of America.

Second. In order to accomplish the object of the first resolution, and also to make some changes deemed necessary and expedient, be it resolved that it is deemed advisable that the Directors of the Colonial Loan and Deposit Association be authorized and empowered to transfer, by sale, consolidation or otherwise, to another company which is or may be established under the laws of Cuba by the directors of the Colonial Loan and Deposit Association, or by others, or by both, all the assets and liabilities of the old company other than the rights of or against its stockholders derived from the subscription to or possession of stock, said Cuban company to be formed on the basis deemed most expedient for securing more capital for loans and investments, and with the general powers of a trust company.

Third. Be it further resolved that it is deemed advisable that the stockholders of this company whose stock at the time of transfer is unencumbered and up to date in its payments, exchange their stock for paid-up and non-assessable stock of the Cuban company, receiving in stock of the said company an amount equal to the total loan fund credit of their respective certificates of stock, plus 1-6 of 1 per cent. for each month transpired since the first payment on same.

Fourth. Be it further resolved that the stockholders who now have loans may continue their monthly payments as at present, in accordance with the conditions of their respective contracts, until their loans are paid off, but that they may, if they wish, exchange their stock as the other stockholders, and recognize a straight loan in favor of the purchasing company.

Fifth. Be it further resolved that a special meeting of the stockholders of this company be held in Alexandria, Virginia, on the seventh of August, 1905, at 2 p. m., to take action on the above resolutions, and also to arrange all the details of transfer and change that may be deemed necessary and expedient.
